**Conflict Material Statement**

Dear Customer,

We strive to ensure that all materials used in our products originate from socially and environmentally responsible sources. We do not condone any activity that fuels conflict, leads to serious environmental degradation or violates human rights.

To our best knowledge supplied stainless steel and high performance alloys do not contain metals or alloying components sourced from The Democratic Republic of Congo or surrounding countries.

Signature

A handwritten signature in blue ink, which appears to read "Teppo Lassila", is written over a circular blue stamp. The stamp contains the text "STALATUBE OY" at the top, "STALA TUBE" in the center, and "Lahti - Finland" at the bottom.
